Dear Miss Stadtmuller:.

I am glad to send you a copy of the  
Spanish Songs of Old California and you can remit at your convenience.

I am sure you will find these old Folksongs worthy of the  
praise bestowed by the <sup>learned</sup> ~~well-known~~ Redfern Mason.

Sincerely Yours,

San Francisco.

Mr. Charles Fletcher Lummis

Dear Sir,

I should be very  
glad to own a copy of  
your "Spanish Songs  
of Old California", so  
delightfully reviewed by  
Mr. Redfern Massey in  
the Examiner, and  
if you let me know  
the price I shall take

pleasure in sending you  
a check or once.

Yours truly,  
(Miss) Christine L. Stadtmüller  
January twentieth.

My dear Miss Stadtmuller:

That's lovely! I am glad to find so many who welcome this collection not merely as a "book of songs", but really as a garland of the Flowers of our Lost Romance. They are hallowed by association and Memory even as they are full of the rich spontaneous beauty of Folksong.

I am glad to put your name down on the special list against the Second Book on which Farwell and I are already at work and which I hope to publish early next Fall.

In sending you the three extracopies I have taken the liberty-- in view of your appreciation -- to autograph for you a copy of the out-of-print First Edition, which I think will be worth preserving in the years to come.

Thanking you and with best wishes,

Sincerely Yours,

San Francisco

Mr. Charles F. Lummis  
Dear Sir,

I thank you for  
sending the Spencer Traps  
so promptly - and inclose  
a check for six dollars,  
as I find I simply  
have to have a few  
copies to send afield.

These are the songs  
I have wanted all my  
life and none else

any hope of securing.  
Individually and as  
a whole Californians  
owe you a great debt  
of thanks - please  
accept my enthusiastic  
fractin.

And please  
put me on your list  
if you have one, so  
that when the next book

appears I may not  
have to wait for a  
chance Sunday paper  
to hear about it.

Very sincerely yours,

(this) *Henrietta L. Stadtmuller.*
